

PRESS RELEASE

## **The Celtic Manor Resort, hosts of the 2010 Ryder Cup, chooses In2grate Business Solutions**

The specialist ERP solutions provider, In2grate Business Solutions, is delighted to be providing a procurement and inventory management solution for The Celtic Manor Resort in readiness for the 2010 Ryder Cup.

The system will be used to manage inventory across the resort. It will facilitate control of the procurement of both stocked items and special order items across the many restaurants, bars and departments supporting the two hotels and three golf complexes which make up the resort.

Andrew Trotter, Purchasing Manager for Celtic Manor explained, *"In2grate Business Solutions was able to provide us with a solution with the pedigree of Microsoft Dynamics NAV which they configured to fully meet our needs and provided it on an innovative commercial basis."*

Dave Renshaw, CEO of In2grate Business Solutions commented, *"We are delighted to be working with Celtic Manor; we are also pleased to know that our solution will be used to support one of the World's most prestigious resorts and many major events, which will include the 2010 Ryder Cup. We are also looking forward to experiencing the resort first hand when our own 'Anisa Group Golf Day' is staged on the 2010 Course in June next year."*

The Celtic Manor Resort is set in 1400 acres of panoramic parkland in South Wales. In preparation for the 2010 Ryder Cup, £16m has been invested into the Resort by the Celtic Manor Owner, Sir Terry

Matthews, to allow for a Twenty Ten course and clubhouse to be added to the Resort. These are set alongside two other championship courses, a 330-bedroom five-star resort hotel, a separate manor house country retreat, luxurious spas and health clubs, and five restaurants.
